

# BIO-ZYME

*INSTANT ODOR ELIMINATOR WITH ENZYMATIC CLEANING ACTION*

## DESCRIPTION

**Bio-Zyme** is specially formulated to digest and eliminate tough foul odors caused by urine and other organic matter from carpets, upholstery, restrooms, drains, grease traps and garbage disposals.

## FEATURES & BENEFITS

- Enzymes break down urine and organic waste
- Suitable for soft and hard-to-reach areas
- Works in restrooms, kitchens, and waste zones
- Keeps environments fresh and sanitary

## RECOMMENDED USES

- Garbage areas, chutes, and dumpsters
- Hallways, elevators, and jail cells
- Grease traps, drains, and garbage disposals
- Marine, RV, and portable toilets/holding tanks
- Patient rooms, dormitories, and hotel rooms
- Pet areas and kennels
- Washrooms, locker rooms, and shower rooms

## DIRECTIONS

- Garbage areas, chutes, and dumpsters:** For long-term concentrated deodorizing, mix a 5:1 solution in a pump-up sprayer and completely saturate the area. To clean and deodorize, use 32:1 solution and a low-pressure hose end sprayer.
- Hallways, elevators, and jail cells:** To eliminate odors, spray troublesome areas along baseboards and in corners with a 10:1 solution using a pump-up sprayer or trigger sprayer with a straight stream. To clean and deodorize, wipe or mop hard surfaces with a 32:1 solution.
- Grease traps, drains, and garbage disposals:** To control odors and help with the digestion of organic waste, initially treat the drain with 6-8 oz of product. Follow up with weekly maintenance doses of 2-4 oz.

*For industrial use only. Refer to the product's Safety Data Sheet (SDS) for complete safety, handling, and first aid information.*

## PROPERTIES

Color	Blue
Fragrance	Pleasant
Concentrate	No
pH	7.0 - 9.0
Density	8.4
VOC Content	0.02

## PACKAGING

12 x 1 qt	1423-12
4 x 1 gal	1423-4
1 x 5 gal	1423-5
1 x 30 gal	1423-30
1 x 55 gal	1423-55

**DIRECTIONS CONTINUED**

4. **Marine, RV, and portable toilets/holding tanks:** After cleaning, pour 8 oz. of product into the tank for long-lasting odor control and to aid in the digestion of organic waste.
5. **Patient rooms, dormitories, and hotel rooms:** Using a trigger sprayer at the broadest setting, spray a 20:1 solution in malodorous unoccupied areas.
6. **Pet areas and kennels:** To eliminate odors, spray troublesome areas with a 15:1 solution using a pump-up sprayer or trigger sprayer with a straight stream. For daily cleaning and odor control, wash all hard surfaces with a 32:1 solution. A small amount may be put in all cage waste trays.
7. **Washrooms, locker rooms, shower rooms:** For long-term concentrated deodorizing, spray all surfaces with a light mist of **Bio-Zyme** diluted 10:1 with water. Pay special attention around the base and sides of fixtures. To deodorize and clean, wipe, or mop surfaces with a 32:1 solution.

*For industrial use only. Refer to the product's Safety Data Sheet (SDS) for complete safety, handling, and first aid information.*
