

# BURN OFF 2

GEL OVEN & GRILL CLEANER

## DESCRIPTION

**Burn Off 2** is a concentrated gel degreaser specifically formulated to remove carbon deposits, baked-on food, and other stubborn soils from ovens, fryers, bakeware, and barbecue grills. The potent caustic formula softens and lifts tough deposits for easy removal, quickly cutting through the heaviest baked-on grime. This allows you to simply wipe the residue away with a sponge or cloth. **Burn Off 2** eliminates the need for scraping and works on both cold and hot ovens!

## FEATURES & BENEFITS

- Gel stays on vertical surfaces
- Cuts baked-on grease and carbon
- Works on hot or cold ovens
- Rinses food-safe

## RECOMMENDED USES

- Oven
- Grills
- Deep Fryers
- Hoods
- Smokehouses
- Food Processing Equipment

## DIRECTIONS

Shake **Burn Off 2** well before using. If cleaning a gas oven do not spray on pilot light. Spread newspaper under oven door. Clean oven racks separately. May be used in either warm (200°F) or cold empty oven. Spray oven surfaces from a distance of 9-12 inches. Allow **Burn Off 2** to work 5-10 minutes on warm surfaces and 10-20 minutes on cool surfaces. Next, wipe clean with a wet cloth, sponge, or paper towel. Rinse oven thoroughly with potable water. For heavily encrusted areas, repeat application using steel wool or soap pad. Pre-heat oven for 10 minutes before next use.

For overnight cleaning, use only in a cold oven. Spray the oven surfaces with Burn Off 2 and close the oven door and allow to stand overnight. Then wipe clean with a wet sponge. Rinse thoroughly with potable water.

*For industrial use only. Refer to the product's Safety Data Sheet (SDS) for complete safety, handling, and first aid information.*
