

CONQUER

BIODEGRADABLE EMULSIFIER

TECHNICAL DATA SHEET (TDS)

**CONQUER DIRT FAST—
SAFE, VERSATILE, EFFECTIVE!**

DESCRIPTION

This product is a complex, water-based formulation designed to effectively perform as a heavy-duty cleaner/degreaser. It is formulated with a chemical-penetrating emulsifier that reacts, suspends, and floats away stubborn greases and soils that normally do not respond to weaker, all-water products or to normally flammable, all-solvent products. However, it is still gentle on the hands. In addition, this formulation is scientifically controlled to be extremely powerful, nontoxic, and biodegradable. Furthermore, it contains a special rust inhibitor that makes it safe to use on metal surfaces. The powerful ingredients in this product are designed to mix with water. Therefore, it is economical and provides a safe, fast-cleaning action. Lastly, it does not leave an oily film. Just spray it on, and wipe or hose it off for a clean, bright surface!

DIRECTIONS

EXTRA HEAVY-DUTY - Dilute CONQUER with equal parts of water. Rinse.

HEAVY-DUTY - Dilute 1 part CONQUER with 5 to 8 parts of water. Agitate with a brush if necessary. Rinse. **MEDIUM-DUTY** - Dilute 1 part of CONQUER with 10 to 12 parts of water. Rinse.

LIGHT-DUTY - Dilute 1 part of CONQUER with 40 parts of water. Rinse

May be used in high-pressure washers (hot or cold) or in a steam cleaner. May be diluted up to 50 to 1 in these applications. May also be applied by mop, sprayer, soak, or automatic scrubber

Item Number: 30060

RECOMMENDED FOR

Machine Shops
Construction Equipment
Manufacturing Plants
Park Departments
Street Departments
Processing Plants
Fleet Owners
Airports Factories
Country Clubs
Schools
Hospitals
Offices
Restaurants

PROPERTIES

Physical State	Liquid
Odor	Sassafras
Appearance	Purple
pH	12.5 - 13.5
Dilution Ratio	Up to 1:50

DESCRIPTION

CONQUER is a complex, water based formulation designed to effectively perform as a heavy-duty cleaner/emulsifier that reacts, suspends and floats away stubborn greases and soils that normally do not respond to weaker, all-water products or to normally flammable, all-solvent products. In addition this formulation is scientifically controlled to be extremely powerful, nontoxic and biodegradable. Further-more it contains a special rust inhibitor that makes it safe to use on metal surfaces. The powerful ingredients in this product are designed to mix with water. Therefore, it provides a safe, fast-cleaning action. Lastly it does not leave an oily film.

USE SAFELY ON ALL WASHABLE SURFACES

- Painted Surfaces
- Metal Surfaces
- Boat Exteriors
- Every Appliance
- Tables
- Swimming Pools
- Plastic & Fiberglass
- Kitchen Surfaces
- All Walls
- Oil & Grease
- AC & Heating Coils
- All Floors

DIRECTIONS

EXTRA HEAVY-DUTY: Dilute CONQUER with equal parts of water then rinse.
HEAVY-DUTY: Dilute 1 part Conquer with 5 to 8 parts of water. Agitate with brush if necessary then rinse.

MEDIUM-DUTY: Dilute 1 part CONQUER with 10-12 parts water then rinse.

LIGHT-DUTY: Dilute 1 part CONQUER with 40 parts of water then rinse.
May be used in high pressure washers (hot or cold) or in a stem cleaner. May be diluted up to 50 to 1 in these applications. May also be applied by mop, sprayer, soak or automatic scrubber.
