

### 1. PRODUCT AND COMPANY IDENTIFICATION

**Product Identifier**

**Product Name** Terand Dry Air

**Other means of identification**

**Product Code** TB-61100000 - Clean Linen, TB-61600000 - Maui, TB-61900000 - Mountain Air, TB-62100000-00- Lemongrass

**Details of the supplier of the safety data sheet**

**Company Name** CHEM-MASTER ACQUISITIONS, LLC  
PO Box 220908  
St. Louis, MO 63122  
800-592-5080

**Emergency telephone number**

**Emergency Telephone** CHEMTEL 1-800-255-3924

### 2. HAZARDS IDENTIFICATION

**Classification**

|  |             |
|--|-------------|
| Flammable Aerosol                                | Category 1  |
| Gas under pressure                               | Dissolved   |
| Eye Irritation                                   | Category 2A |
| Specific Target Organ Toxicity – Single Exposure | Category 3  |

**Label elements**

#### Emergency Overview

## DANGER

**Hazard statements**

Extremely flammable aerosol.  
Contains gas under pressure; may explode if heated.  
Causes serious eye irritation.  
May cause drowsiness or dizziness.

**Precautionary Statements - Prevention**

Keep away from heat, sparks, open flames, and hot surfaces.-No smoking.  
Do not spray on an open flame or other ignition source.  
Pressurized container: Do not pierce or burn, even after use.  
Wash hands thoroughly after handling.  
Wear eye protection.  
Avoid breathing spray.  
KEEP OUT OF REACH OF CHILDREN

**Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a doctor if you feel unwell.

**Precautionary Statements - Storage**

Protect from sunlight.

Store locked up.

Store in a well-ventilated place.

Do not expose to temperatures exceeding 122°F.

**Precautionary Statements - Disposal**

Dispose of container to recyclables when completely emptied.

*\*Note: Labeling elements found on the SDS may be different from actual hazards listed on product label. Safety Data Sheets are regulated by OSHA (29 CFR, 1910.1200 (Hazard Communication)) while the actual product and product label may be regulated by a different government entity. Please contact the responsible party (as listed in Section 1) if you have any questions.*

**Hazards not otherwise classified (HNOC)****Other Information**

- No other hazards are associated with this product or mixture

Unknown Acute Toxicity

No unknown acute toxicity components are associated with this product or mixture.

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

| CHEMICAL NAME | CAS NO. | WEIGHT - % | SPECIFIC HAZARDS                             | TRADE SECRET |
|---------------|---------|------------|--|--------------|
| Acetone       | 67-64-1 | 60-100%    | Flam Liq 2; Eye Irrit 2a; STOT-SE 3          | *            |
| Propane       | 78-98-6 | 10-30%     | Flam Gas 1;<br>Gas Under Pressure, dissolved | *            |

**\*The exact percentage (concentration) of composition has been withheld as a trade secret. When applicable, the specific concentration of each hazardous ingredient is considered a TRADE SECRET. Chemical names and identifiers are released to ensure that each user has entitlements of "right to know" and concentration ranges are selected to ensure that the appropriate hazard classification applies to the mixture. Ingredients not subject to Trade Secret claims are listed at an exact concentration. For more information please contact the responsible party as listed in Section 1.**

*This product may contain other ingredients that are not required to be disclosed on the label or safety data sheet. Any ingredient that is not listed on either the SDS or label is not considered hazardous and poses no risk to the user.*

**4. FIRST AID MEASURES****First aid measures****General Advice**

Have SDS or product label if medical advice is needed. Seek a medical professional or doctor if you feel unwell or if any irritation persists. Specific hazard information can be found in Section 2 of this SDS.

**Skin Contact**

Wash with soap and water. Take off any contaminated clothing and launder before reuse.

**Eye Contact**

Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing for at least 10 minutes or until satisfied.

**Inhalation**

Move to fresh air. Administer oxygen if breathing is difficult. If breathing has stopped give artificial respiration and seek medical attention immediately.

**Ingestion**

Do not induce vomiting unless instructed to do so by a medical professional. Never give anything by mouth to an unconscious person.

**Indication of any immediate medical attention and special treatment needed****Note to physicians**

Not anticipated to require immediate medical attention.

## 5. FIRE-FIGHTING MEASURES

### Suitable extinguishing media

Dry chemical, sand, or carbon dioxide after spray has stopped. If extinguishing methods are unavailable, cool the container with water if exposed to heat or flame. Remove the container from fire area if it can be done without further risk.

**Unsuitable extinguishing media:** None known

### Specific hazards arising from the chemical

Fire Hazard: Product is considered flammable.

Explosion/Combustion Hazard: Contents under pressure. May explode if exposed to heat greater than 122°F or 50°C

### Protective equipment and precautions for firefighters

Suggested protective equipment: No suggested equipment is available for recommendation

Precautions for fire-fighters: Contents may be heavier than air if released. Containers may explode and rapidly release pressure resulting in the potential for additional hazards.

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

#### **Personal precautions**

Remove or eliminate all sources of ignition. Establish ventilation to keep atmospheric concentrations below limits. Avoid breathing vapors. Wear protective equipment. Remove and keep all unprotected persons away from area. See section 8 for appropriate personal protection gear for safe handling in case of accidental release or spillage.

### Methods and material for containment and cleaning up

#### **Methods for containment & cleaning up**

Absorb into clay-like absorbent material. Do not release into sewage or waterways. Contact a professional waste removal company to dispose of chemical in accordance with state, local, and federal regulations.

## 7. HANDLING AND STORAGE

### Precautions for safe handling

#### **Advice on Safe Handling**

Wear protective equipment. Follow specific instructions found on label and in Section 2 of this SDS. Proper protective equipment information can be found in Section 8 of this SDS.

### Conditions for safe storage, including any incompatibilities

#### **Storage Conditions**

Store locked up in a well-ventilated area. Protect container from sunlight. Never store in a vehicle. Do not expose to temperatures above 122°F or 50°C. Keep away from heat and other sources of ignition. Keep away from oxidizing agents and watery environments. Store upright without excessive load on top. Contents are under pressure; may explode if heated.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

| CHEMICAL NAME | Identifier (CAS No.) | PEL      | ACGIH    | NIOSH    |
|---------------|----------------------|----------|----------|----------|
| Acetone       | 67-64-1              | 1000 ppm | n/a      | 250 ppm  |
| Propane       | 74-98-6              | 1000 ppm | 2500 ppm | 1000 ppm |

### Appropriate engineering controls

#### **Engineering Controls**

Good mechanical ventilation may be adequate for maintain airborne concentrations below established exposure limits for large uncontrolled releases. If exposure limits are exceeded and inhaled: use a NIOSH approved respirator.

**Individual protection measures, such as personal protective equipment****General Hygiene**

Practice good industrial hygiene. Wash hands before breaks and at the end of the workday. Keep product away from foodstuffs, beverages, and feed. Wash and launder all contaminated clothing before reuse.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**

|                       |  |
|-----------------------|--|
| <b>Appearance</b>     | No data are available or specific property is not applicable to product. |
| <b>Odor</b>           | No data are available or specific property is not applicable to product. |
| <b>Odor Threshold</b> | No data are available or specific property is not applicable to product. |

**Property****Values**

|  |  |
|--|--|
| <b>pH</b>                              | No data are available or specific property is not applicable to product. |
| <b>Melting point/freezing point</b>    | No data are available or specific property is not applicable to product. |
| <b>Initial boiling point and range</b> | No data are available or specific property is not applicable to product. |
| <b>Flash point</b>                     | No data are available or specific property is not applicable to product. |
| <b>Evaporation rate</b>                | No data are available or specific property is not applicable to product. |
| <b>Flammability</b>                    | >85% flammable material  |
| <b>Flame extension distance</b>        | No data are available or specific property is not applicable to product. |
| <b>Upper/lower explosive limits</b>    | No data are available or specific property is not applicable to product. |
| <b>Vapor pressure</b>                  | No data are available or specific property is not applicable to product. |
| <b>Vapor density</b>                   | No data are available or specific property is not applicable to product. |
| <b>Relative density</b>                | No data are available or specific property is not applicable to product. |
| <b>Solubility</b>                      | No data are available or specific property is not applicable to product. |
| <b>Partition coefficient</b>           | No data are available or specific property is not applicable to product. |
| <b>Auto-ignition temperature</b>       | No data are available or specific property is not applicable to product. |
| <b>Decomposition temperature</b>       | No data are available or specific property is not applicable to product. |
| <b>Viscosity</b>                       | No data are available or specific property is not applicable to product. |

**Other Information**

|                        |                 |
|------------------------|-----------------|
| <b>Voc Content (%)</b> | Not determined. |
|------------------------|-----------------|

**10. STABILITY AND REACTIVITY****Reactivity**

Not determined or not applicable.

**Chemical Stability**

Stable under normal conditions.

**Possibility Of Hazardous Reactions**

Can not occur.

**Conditions To Avoid**

Heat, sparks, open flames, ignition sources, sunlight, and watery or moist environments.

**Incompatible Materials**

Strong oxidizing agents.

**Hazardous Decomposition Products**

Not determined or not applicable.

**11. TOXICOLOGICAL INFORMATION****Information on likely routes of exposure**

|                            |                                   |
|----------------------------|-----------------------------------|
| <b>Product Information</b> | Not determined or not applicable. |
|----------------------------|-----------------------------------|

**Symptoms related to the physical, chemical, and toxicological characteristics**

Not determined or not applicable.

**Delayed, chronic, and immediate effects of short- and long-term exposure**

Not determined or not applicable.

**Numerical measures of toxicity**

Acute toxicity estimates place toxicity values beyond hazard classification thresholds.

**Hazardous chemicals listings**

National Toxicology Program Report  
International Agency for Research on Cancer

No ingredients are listed  
No ingredients are listed

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

Product is not considered an environmental hazard. Avoid release of mixture in sewage or waterways.

**Soil Mobility**

Not determined or not applicable.

**Persistence and Degradability**

Not determined or not applicable.

**Bioaccumulation**

Not determined or not applicable.

**Other Adverse Effects**

Not determined or not applicable.

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods****Disposal of wastes**

Container may be recycled. Before recycling: ensure container is completely emptied by pressing, and holding, the nozzle button until all the contents of the container are released. Continue to hold button down until any remaining gas has escaped the container. Never open an aerosol container. Contact your local waste removal company before recycling to ensure compliance with local regulations.

**Other information**

Consult with a licensed waste removal company for proper disposal considerations. Dispose of product in accordance to local, state, and federal regulations.

**14. TRANSPORT INFORMATION**

The basic description below is specific to the container size. This information is provided for at a glance DOT information. Please refer to the container and/or shipping papers for the appropriate shipping description before tendering this material for shipment. For additional information, please contact the distributor listed in section 1 of this SDS.

**DOT**

|                       |                         |
|-----------------------|-------------------------|
| UN/ID No.             | 1950                    |
| Proper Shipping Name  | Aerosol                 |
| Hazard Class          | 2.1                     |
| D.O.T. shipping name  | Flammable Gas           |
| D.O.T. classification | Limited Quantity (<1 L) |

**Environmental hazards**

Is not hazardous to aquatic environments

**International bulk chemical code**

Not determined

**Special precautions**

Ship container upright without excessive load on top

**15. REGULATORY INFORMATION**

**US Federal Regulations**

**SARA 302**

No ingredients are subject to reporting

**SARA 313**

No ingredients are subject to reporting

**US State Regulations**

**California Proposition 65**

This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

**California ARB classification:** Air Freshener

**Regulating government agencies**

|                          |   |
|--------------------------|---|
| <b>Safety Data Sheet</b> | OSHA, 29 CFR 1910.1200 of the United States Code.   |
| <b>Note</b>              | The product label and its wording and symbols may differ from the hazard categories, statements, and wording that are presented in this SDS. This might occur if the product is not subject to OSHA labeling requirements or if the product is regulated by a different government agency (such as the Consumer Product Safety Commission, Food and Drug Administration, or the Environmental Protection Agency. The label may also indicate additional hazards or precautions that are not listed on this safety data sheet—this is done at the discretion of the responsible party and only serves to ensure that the user’s safety is prioritized above government regulation. |

**16. OTHER INFORMATION**

|             |                |   |              |   |            |   |                     |  |
|-------------|----------------|---|--------------|---|------------|---|---------------------|--|
| <b>NFPA</b> | Health hazards | 1 | Flammability | 3 | Reactivity | 0 | Other               |  |
| <b>HMIS</b> | Health hazards | 1 | Flammability | 4 | Reactivity | 2 | Personal protection |  |
