

POWERHOUSE PINE

FLOATING LIFT STATION DEGREASER

DESCRIPTION

POWERHOUSE PINE Floating Lift Station Degreaser is an industrial-strength solution designed to remove grease buildup with the power of natural pine. Its non-emulsifiable solvent formula adheres to surfaces, providing continuous cleaning as water levels fluctuate in lift stations.

FEATURES & BENEFITS

- Natural Pine Formula
- Non-emulsifiable Action
- Heavy-Duty Grease Removal
- Fast-Acting & Reliable

RECOMMENDED USES

- Municipal wastewater lift stations
- Industrial facilities
- Commercial properties
- Utility maintenance crews

DIRECTIONS

Dosage: Use 1 gallon per foot of lift station depth for a 1-inch floating cover (recommended minimum: 2-4 inches).

PROPERTIES
