

## RUST EXTERMINATOR

TB-96500000-00

### DESCRIPTION

**RUST EXTERMINATOR** penetrates deep into rust and chemically transforms corrosion into a durable, protective barrier. This advanced formula doesn't just cover—it converts rust into a strong, water-resistant surface that stops existing rust and blocks new corrosion from forming. Apply like a primer after removing loose rust—no heavy sanding or grinding required. Creates a long-lasting shield that keeps metal clean, solid, and ready for a protective topcoat.

### DIRECTIONS

Remove loose rust, dirt, oil, and flaking paint. No grinding or sanding to bare metal required. Shake or stir thoroughly before use. Apply directly to rusted areas. Dries to the touch in 10 minutes; wait 24 hours before applying a topcoat. A topcoat is required for full corrosion protection. Use in a well-ventilated area. Avoid applying in high humidity or wet conditions.

### FEATURES & BENEFITS

- Chemically Converts Rust
- Matte Black Durable Finish
- Heavy-Duty Rust Treatment for Iron and Steel
- Transforms Rust into a Protective Coating
- No Grinding or Heavy Sanding Required

### RECOMMENDED USES

- Industrial Sites
- Automotive & Transportation
- Construction & Infrastructure
- Marine & Coastal Environments
- Maintenance Workshops

### PROPERTIES

Color	Not determined
Fragrance	Aromatic
Spray Pattern	Fan Spray
Flash Point	-19 °C (-2.2 °F)
Dielectric Strength	Not determined
VOC Content	Not determined
Propellant	Yes

### PACKAGING

Can Size	16 oz
Net Weight	12 oz
Extender Tube	Not determined
Packaged	12 cans per case
Shipping Weight	Not determined

### REGULATORY

Ozone Depleting Compounds	None
VOC Compliant	Not determined
Recyclable Packaging	Yes

For industrial use only. Refer to the product's Safety Data Sheet (SDS) for complete safety, handling, and first aid information.
