

WASP AWAY

WASP & HORNET KILLER

DESCRIPTION

Wasp Away Wasp & Hornet Killer is an aerosol insecticide specifically formulated to effectively eliminate wasps and hornets. Its fast-acting formula provides immediate relief from wasp and hornet infestations, ensuring safety and peace of mind for both indoor and outdoor use.

DIRECTIONS

1. Shake well before use.
2. Hold the container upright and spray directly at wasps, hornets, and their nests from a distance of up to 20 feet.
3. Do not apply directly to humans, pets, or food surfaces.

FEATURES & BENEFITS

- Kills on contact providing immediate relief from infestations.
- Plastic safe, non-chlorinated formula.
- Easy application, reaching nests and hard-to-reach areas from up to 20 feet, minimizing the need for professional pest control services.
- Suitable for both indoor and outdoor application, offering effective insect control in various environments.
- Contains powerful ingredients known for their effectiveness against wasps and hornets, ensuring efficient elimination.
- Helps protect against stings and allergic reactions by quickly eliminating aggressive insects including wasps, yellow jackets, hornets, and even scorpions.
- High dielectric strength of over 57,000 volts.
- No harmful VOCs.

RECOMMENDED USES

- Outdoor environments
- Indoor spaces
- Hard-to-reach areas
- Residential & commercial settings
